**METHOD FOR PROVIDING A CURRENT LOCATION OF A WIRELESS  
COMMUNICATION DEVICE**

**ABSTRACT OF THE DISCLOSURE**

**[063]** A method (36) for providing a current location (35) of a wireless communication device (24) within a wireless communication network (20) calls for activating an automatic location identification (ALI) process in response to a request from an authorized requesting party. An indicator (106) of the current location (35) is provided to the authorized requesting party via a map-enabled web page (100).
